

To the Staff, Family Members and Residents of Fox Ridge Bryant:

I am both honored and excited to join you as the Executive Director of Fox Ridge Bryant. I look forward to getting to know you all, and am beyond thrilled to lead such an excellent group of professionals.

I joined the Fox Ridge family twelve years ago. My most recent role has been as the Director of Nursing for seven years. During that time - with the support of an incredibly talented team - we were able to shape and grow the facility into a community of which I am very proud. It is a community filled with joy, laughter, dedication and compassion, and it was my experience there that helped to guide and shape my vision for improving assisted living. I know that, together, we will continue to do the same at our Bryant facility.

Fox Ridge is a family - made up of our staff, families and residents. Of course, I don't need to tell you that the residents and families are the heart and soul of our organization, and I am so excited to get to know the wonderful people for which Fox Ridge Bryant is home.

Rainer Maria Rilke said "Be indulgent toward those who are growing old." I can think of no better way to describe the attitude and approach that I hope to bring to work with me every day. Together, we will continue to foster the wonderful sense of family and community that is so integral to the Fox Ridge identity. And I can assure you that we will all experience wonderful growth and laughter along the way.

Please know that my door is always open to you.

Warmest regards,

*Jeffery E. Wright*
